

# «JeMeSouviens»

Fabrice.Kordon@lip6.fr

# As an introduction...

## A Tribute for our «american cousins»

- La «belle province»
- Their motto «Je me souviens»
  
- So, let's remember nice places & people

# Goals of the exercise

## Traditional exercise in this course

- Dramatically enriched by O. Lecluse

## Play with

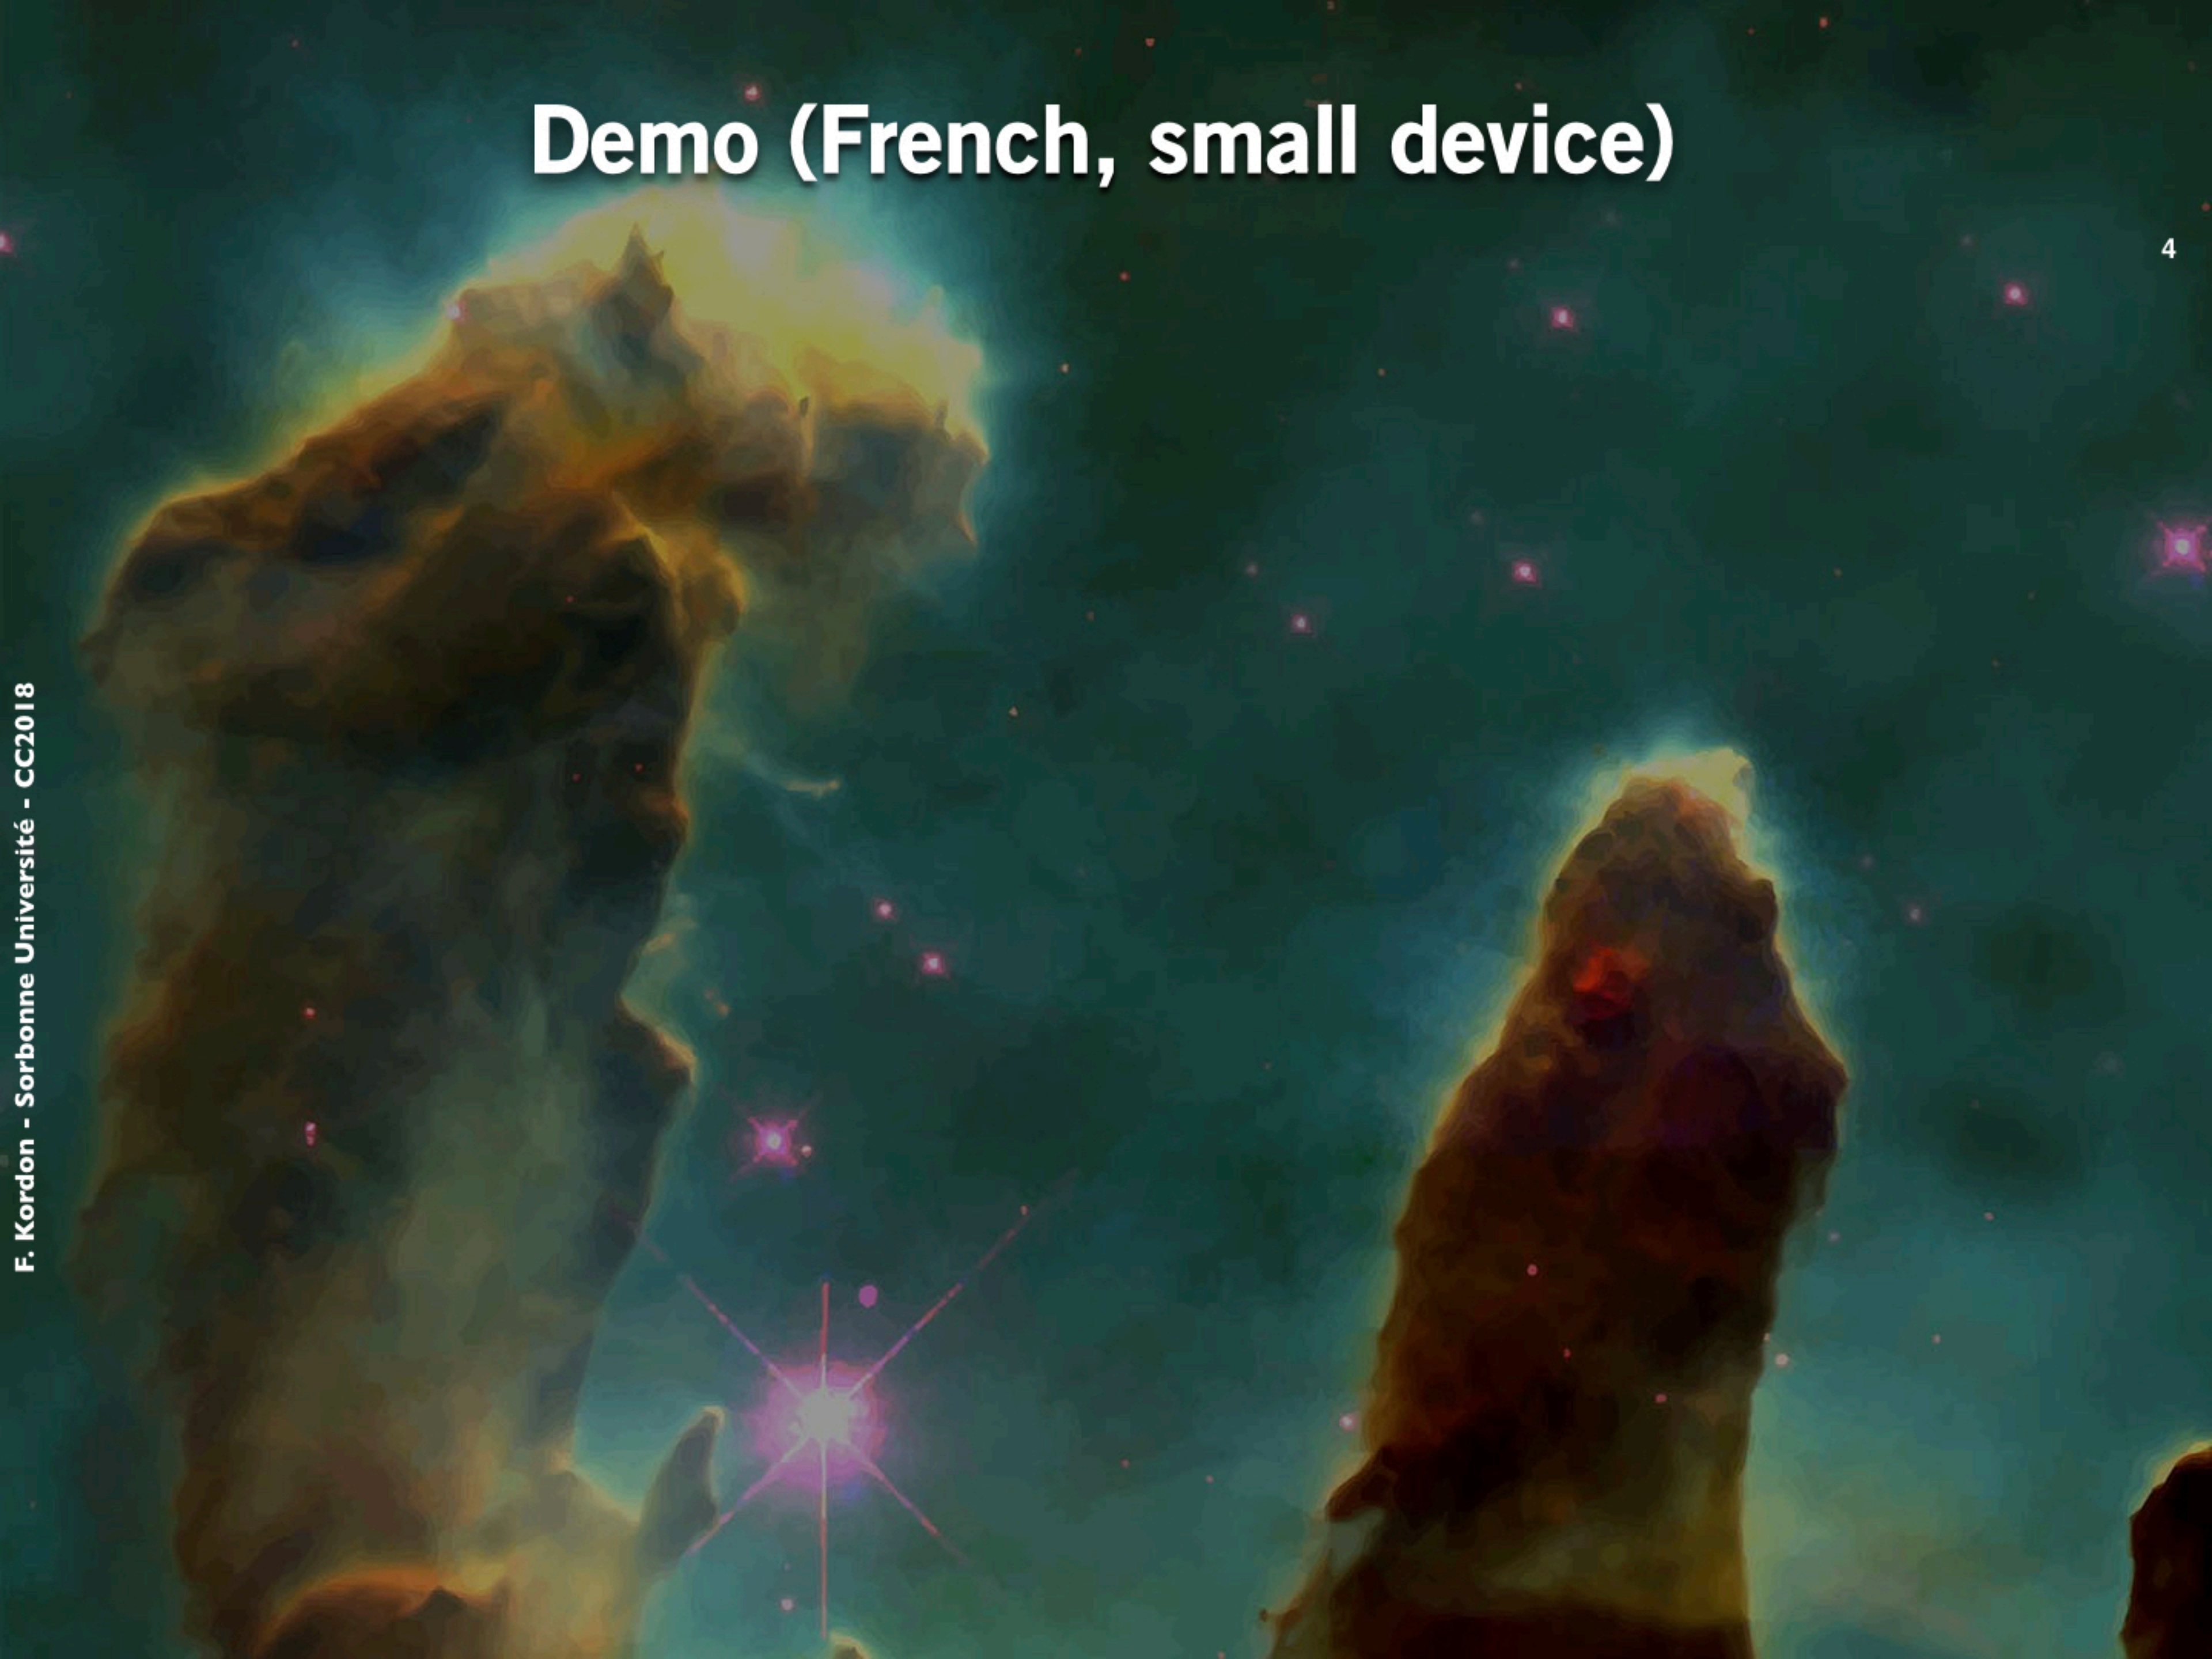

- Multilingualism
- Maps
- Camera
- Contacts
- And of course what you learned before

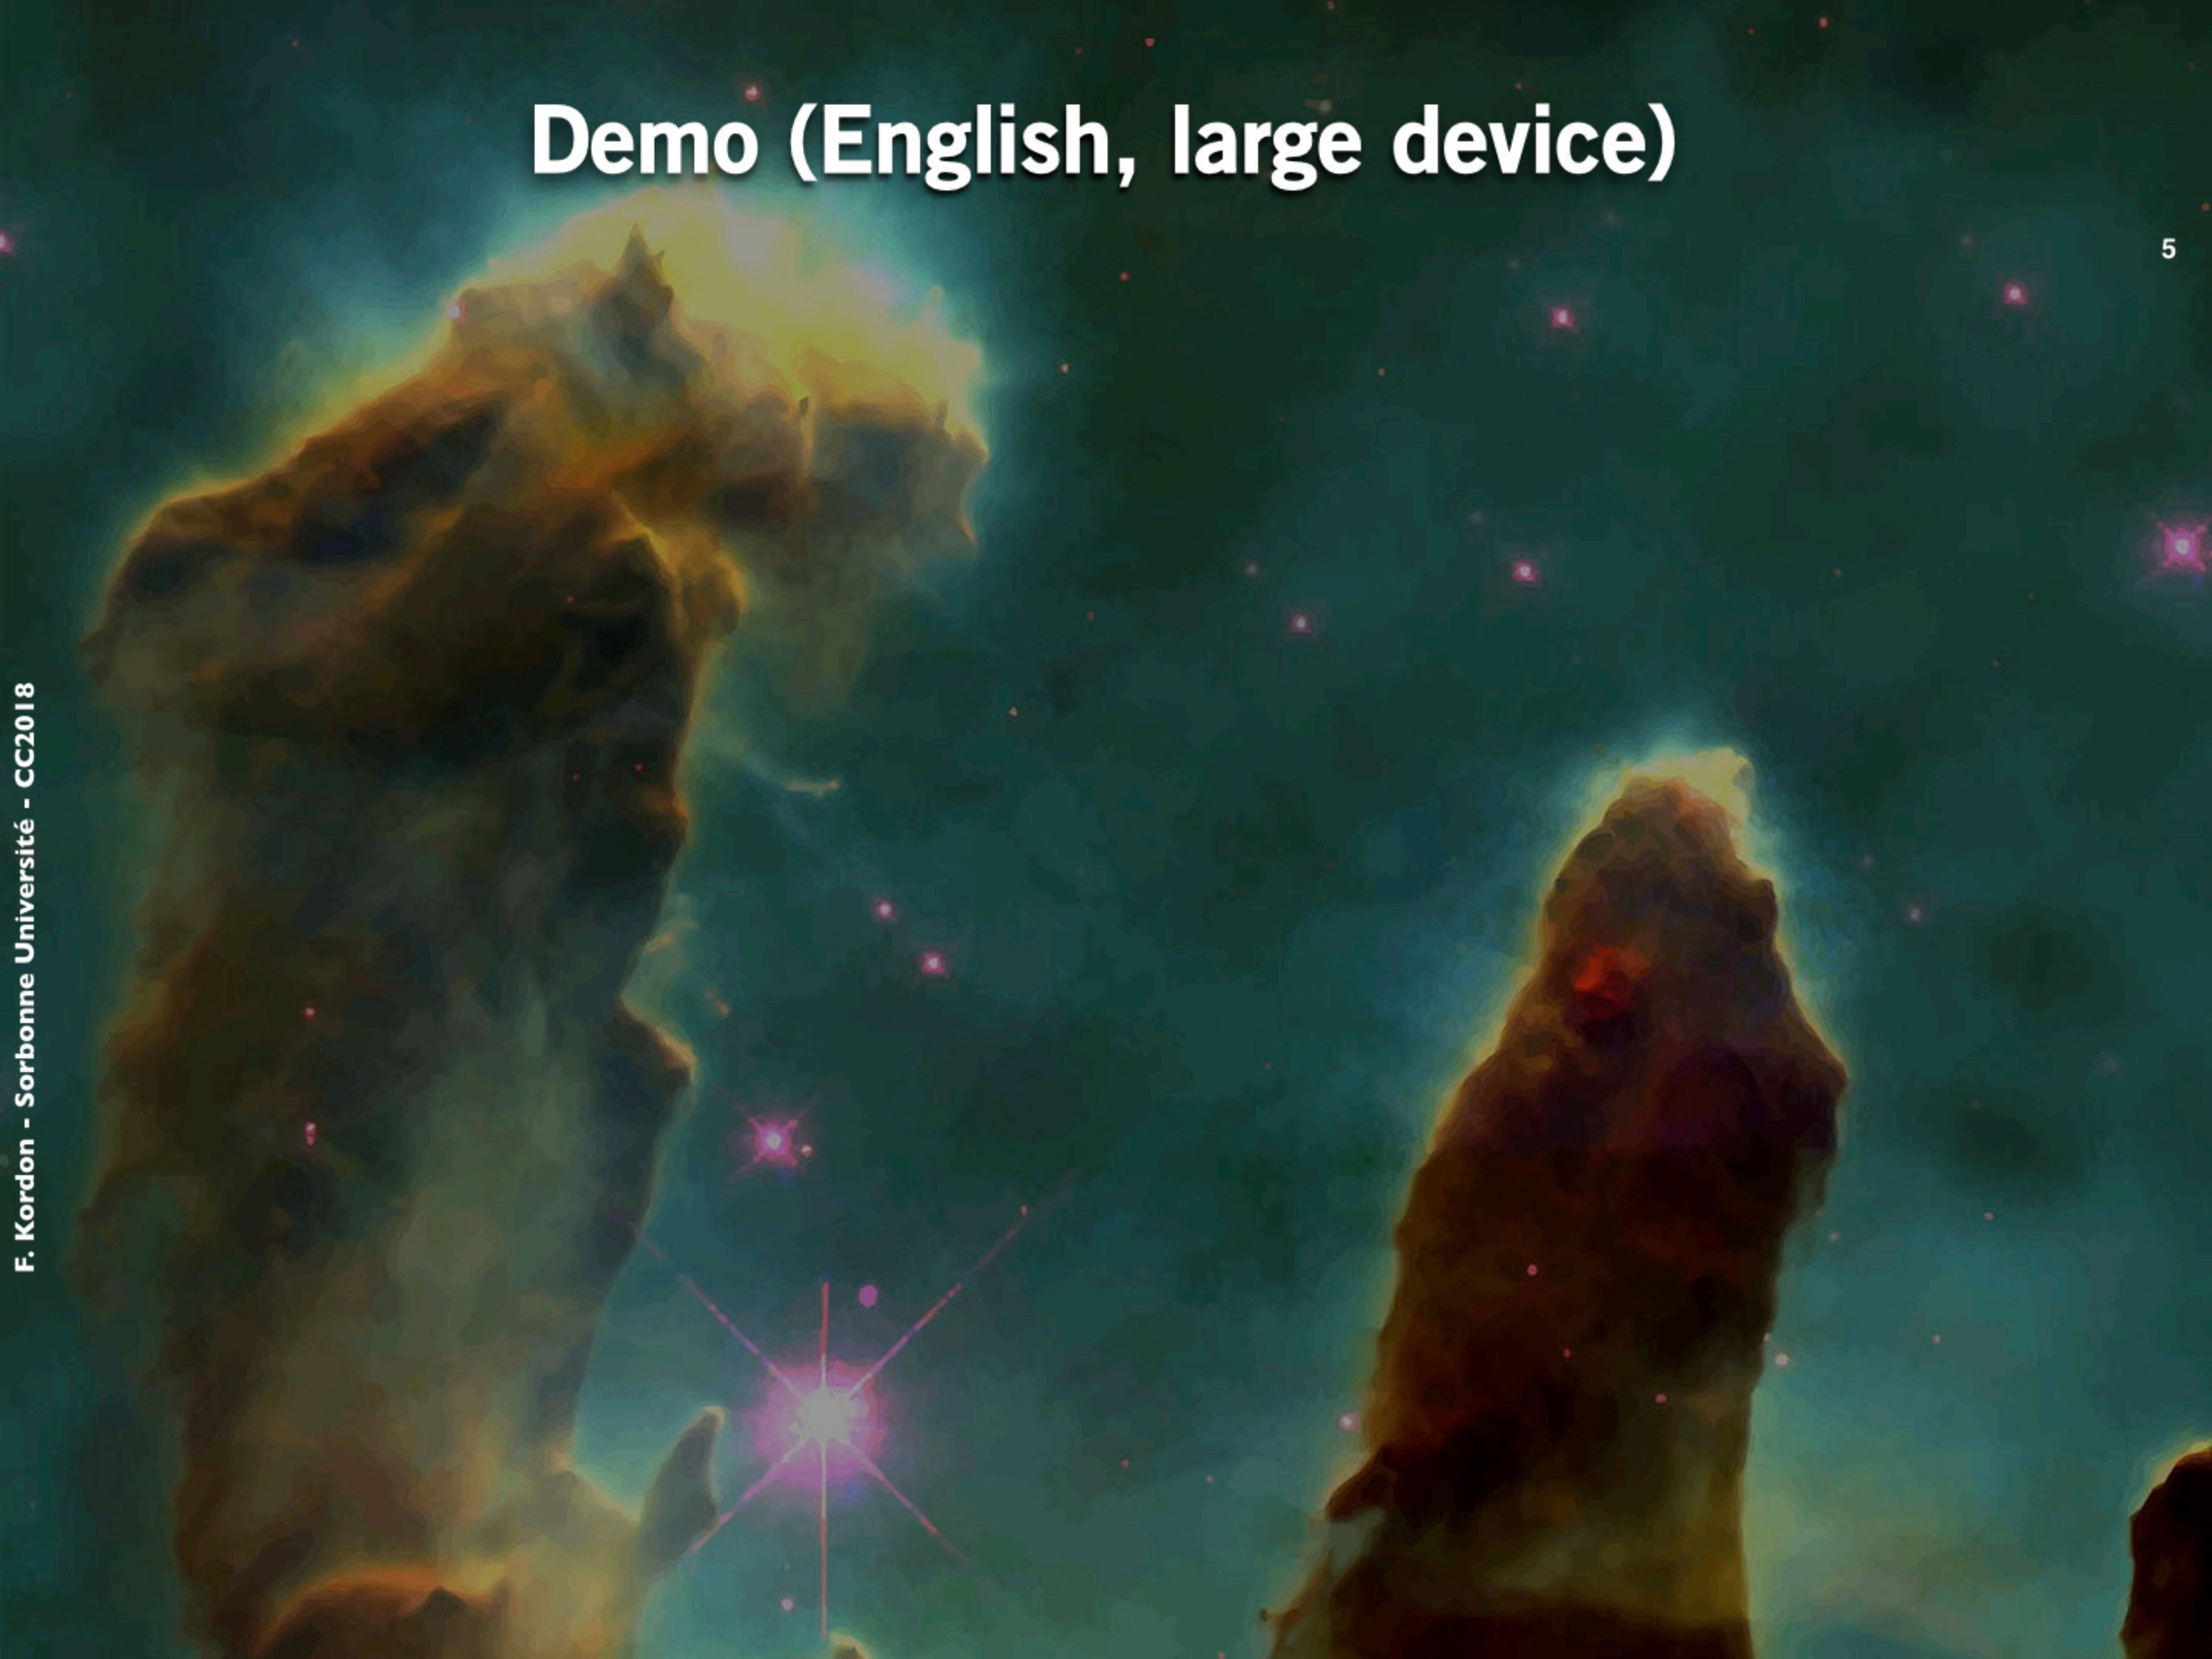

## Only one exercise this week

- It's a «big one»

# Demo (French, small device)

# Demo (English, large device)

# Demo (other stuff)

# Be aware of

## Please consider some elements

- Activation/deactivation of UIBarButtonItem
  - ▶ enable property (already presented)
- About popover
  - ▶ To take a picture or select a photo in the album
  - ▶ No simultaneous presentation of the two pickers
- Orientation and side-by-side...
  - ▶ Have fun!!!
  - ▶ You may use the isHidden attribute
- Do not forget localization...
  - ▶ You can even handle other languages...

# As a conclusion...

## There is much to do!

- But you have already seen all what you need to know
- Once again, similar Apps exist in the AppStore
- You may enrich the exercise
- Resources are on the video's companion web page
