

Masterclass avec Léon Bottou  
6 mars 2018 à 14h - Salle 15/16 – 201

- 14h : Binary Stochastic Representations for Large Multi-class Classification  
- *Thomas Gerald*
- 14h20 : Deep Learning for Physical Processes - *Emmanuel De Bezenac*  
et *Arthur Pajot*
- 14h40 : Multi-View Data Generation Without View Supervision  
- *Mickael Chen*
- 15h00 : Multi-modal representation learning - *Hedi Ben Younes, Patrick*  
*Bordes, Remi Cadene, Micael Carvalho, Eloi Zablocki*
- 15h20 : Information Based Regularization for Deep Learning - *Michael Blot*

*N'oubliez pas le colloquium à 18h !*
